

AIRFRAME™ ATX HELMET

HLM-AX1

FEATURES

- 1. Meets IIIA ballistic requirements
- 2. Revolutionary vented shell design for passive cooling
- 3. Covers more of wearer's nape than traditional designs
- 4. Modular ear and face protection available
- 5. Modular ARC Rail™ system available (O₂ compatible)
- 6. Includes 3/4" pads
- 7. Can be pre-drilled at factory for 3-hole or 4-hole NVG mounts
(configuration compatible with Ops-Core® and Wilcox® 3-hole mounts)

DESIGN

The **AIRFRAME™ ATX** is our law enforcement focused ballistic helmet—designed to offer the same advantages of our original **AIRFRAME™ HELMET** while meeting IIIA ballistic requirements. The unique overlapping shell design of the **AIRFRAME™** creates an integrated vent that provides passive cooling and can reduce the damaging effects of explosive blast waves. Each **AIRFRAME™ HELMET** features an Ops-Core® H-Nape Head-Loc™ retention system for unmatched stability, comfort, and ease of adjustment. Up armoring the **AIRFRAME™** with ballistic ear or face protection is simple and fast (see our **EARS™** and **CHOPS™** for more info). All helmets and components are compatible with common ear-pro systems like Peltors® and Sordins®. Made in the US from US materials.

WEIGHTS

- MD: 2.5 lbs.
- LG: 2.75 lbs.
- XL: 2.95 lbs.
